Widad Group Berhad ("Widad Group" or the "Group"), a Bursa Malaysia listed investment holding company which is principally involved in construction activities and integrated facilities management services, announced that its fully-owned subsidiary Widad Builders Sdn Bhd had received several ISO (International Standard for Organizations) certifications for its provision of integrated facilities management services.

The Group said that Widad Builders had received recertification of its ISO 9001:2015 Quality Management System and ISO 14001:2015 Environment Management System. It also converted its Occupational Health & Safety Management System from OHSAS 18001:2007 to ISO 45001:2018, and upgraded its Energy Management System to ISO 50001:2018. Furthermore, the Group has received new certification of ISO 41001:2018 for its Facility Management (FM) System.

On the latest achievement, Widad Group Berhad Managing Director Dato' Dr. Mohd Rizal Mohd Jaafar said: "Motivation, creativity, team work and a healthy communication in the company guarantee the long-term quality of our services. We persistently work on creating the culture and the structure of our company in such a way that our employees can fully develop their capabilities and can fully commit to our continuous process of improvement.

Only through the untiring commitment and high quality of all our employees, the company's sustainable success over the longer term is achievable."

The Group further revealed that it also received the ISO 37001:2016 Anti Bribery Management System (ABMS) certification for its provision of support services in sustaining business performance for Widad Group Berhad and its subsidiaries.

"This certification signifies our commitment to implement and enforce effective and robust policies and procedures to prevent, monitor and eliminate bribery and corruption to ensure continual improvement of our management system. We aim to achieve better practice in management of risks by adopting enhanced standards to optimise efficiency and implementing better controls.

Combined with our proven track record and robust network of resources, Widad Group is now ready to take on construction and IFM activities in the international market," said Dr. Rizal.
